

LearnWell Virtual Tutoring

LearnWell Virtual Tutoring

- For nearly 25 years, LearnWell has specialized in providing home and hospital instruction for behavioral health students.
- During the COVID-19 crisis, LearnWell will continue to support academic progress for homebound students who may not be able to engage in traditional online learning.
- We are expanding our one-on-one virtual instruction to support families who may desire individual support for their children while home for an extended period of time.

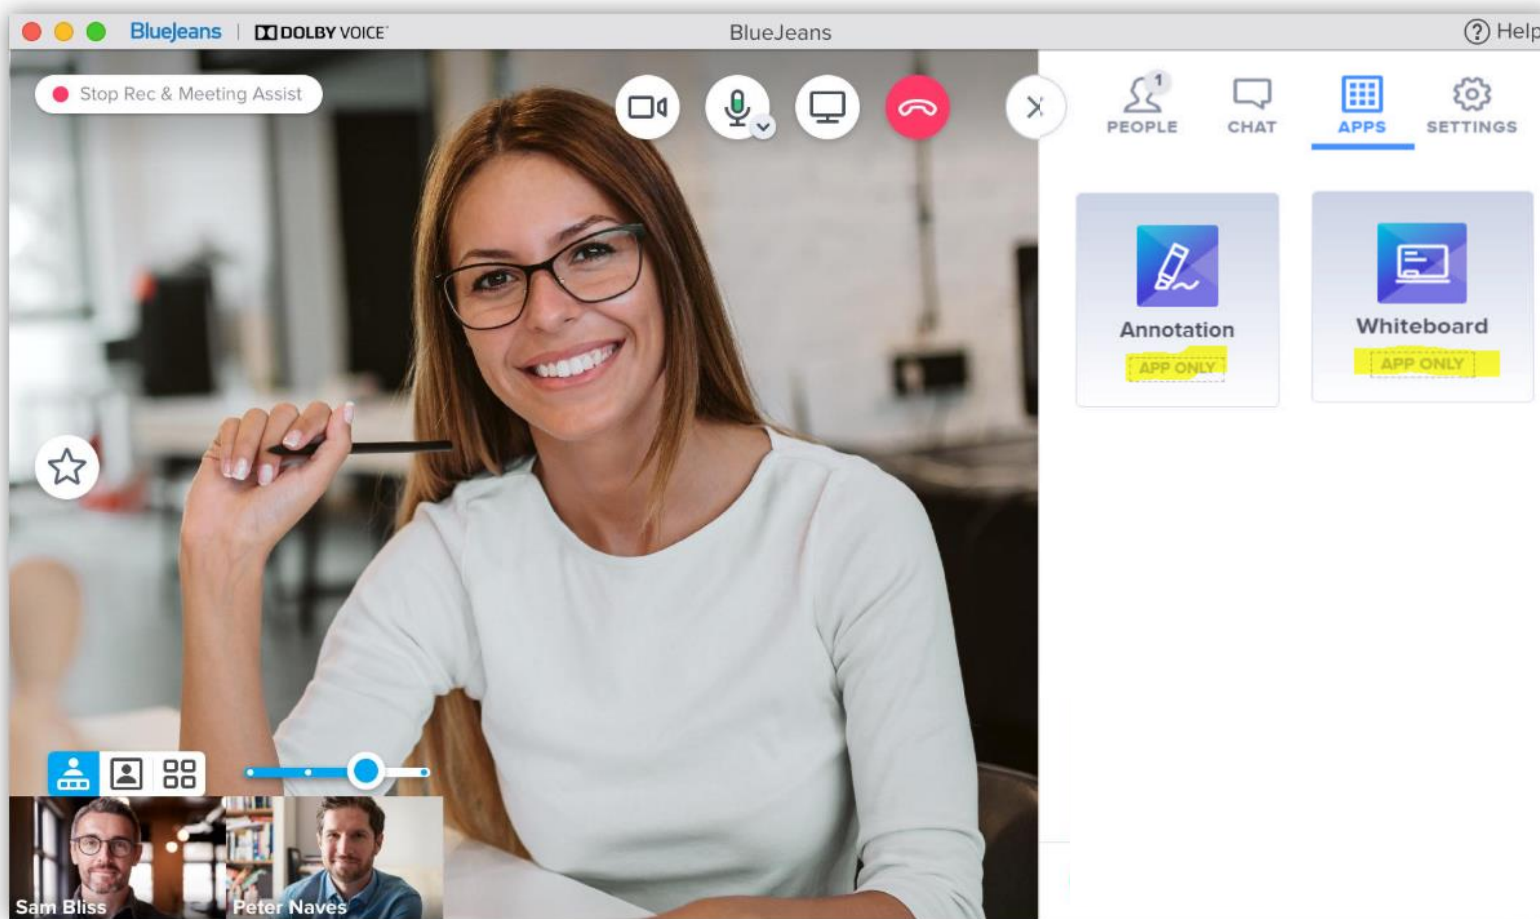

LearnWell Virtual Tutoring

- Students continue to make academic progress with individual support from a live tutor.
- Receive individualized instruction from teachers via BlueJeans video-conference technology.
- Quickly match students to provide continuity in learning.
- LearnWell tutors are available every weekday from 8 AM – 10 PM EDT.

BlueJeans Interface

Onboarding and Scheduling Process

1. Speak to a LearnWell team member to select the number of sessions and complete the student enrollment form.
2. LearnWell matches the student with a tutor according to their specific instructional needs.
3. LearnWell team will follow-up with the student's parent and/or district to determine the plan for session work.

Student Sessions

1. LearnWell tutors communicate with the parent and/or school district to receive schoolwork.
2. If schoolwork is not available, LearnWell tutors deliver a 3-tier lesson focused on common core state standards
3. After each session, LearnWell tutors complete a session report to provide to the parent.
